NOTICE TO USER: ECOMATIC metered aerosol is to be used only in accordance with the instruction on the label. It is an offense under the Act to use this product in a manner contrary with the directions on the label.

PRECAUTIONS:

- Do not spray on an open flame or other ignition source.
- Do not pierce or burn even after use.
- Avoid release to the environment.
- Use only outdoors or in a well-ventilated area.
- Avoid breathing dust/fume/gas/mist/vapour/spray.
- Avoid excessive inhalation and food contamination.
- Avoid spraying over highly polished and plastic surfaces e.g. Home appliances
- Keep away from heat, hot surfaces, sparks, open flames, and other ignition sources. No smoking.
- Wash affected area thoroughly after handling.
- Do not use in the presence of persons with known sensitivity to pyrethroids.
- wear protective gloves/protective clothing.
- Collect spillage.
- Do not touch eyes.
- IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical help.
- IF INHALED: Remove persons to fresh air and keep comfortable for breathing.
- Store in a well-ventilated place. Keep the container tightly closed.
- Store locked-up.
- Protect from sunlight. Do not expose to temperatures exceeding 50°C.
- Dispose of contents/container to a licensed hazardous-waste disposal contractor or collection site.

RELEVANT SUBSTANCES:

Pyrethrum 1-10% Cas. No. 8003-34-7; Piperonyl Butoxide 10-30% Cas No. 51-03-6; Iso Propyl Alcohol 20-50% Cas No. 67-63-0; Propellant B56 40-60% Cas No. Mixture.

FIRST AID:

IF SWALLOWED: Get emergency medical help immediately. Do not induce vomiting.

IF INHALED: Remove person to fresh air and keep comfortable for breathing. Get medical help.

IF ON SKIN: Wash with soap and water. Do not rub skin hard.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical help.

DIRECTIONS FOR USE:

USE ONLY AS DIRECTED.

The ECOMATIC metered aerosol is intended for use with an automatic dispensing machine such as the CIRRUS metered aerosol dispenser.

The unit and its accurate timing mechanism will ensure the firing of the insecticidal aerosol every 15 minutes thereby successfully controlling flying insects such as flies and mosquitoes when under continuous operation. The aerosol will last for approximately 720 hours (30 Days) giving 3 200 sprays.

Installation Notes: It is important that the unit is positioned approximately 2m above the floor but not directly over exposed foodstuff. One dispenser is suitable for a premises/room of up to 180m³ (8.5m x 8.5m x 2.5m). In larger areas calculate the number of units required to treat the space.
