FIRST AID:

IF SWALLOWED: Do not induce vomiting. Get emergency medical attention.

IF INHALED: Remove the persons to fresh air and keep comfortable for breathing. Get medical help if you feel unwell.

IF ON SKIN: Wash with plenty of water. Take off contaminated clothing and wash it before reuse. If skin irritation occurs, get medical help.

IF IN EYES: Rinse with plenty of water for several minutes.

DIRECTIONS FOR USE:

USE ONLY AS DIRECTED.

Shake well before use.

Hold can as upright and as high as possible when using as a space spray.

FLYING INSECTS:

- **CONTACT SPRAY:** Spray a 1-2 second burst directly at the flying insect.
- **SPACE SPRAY:** For the treatment of an average sized room. Close windows and doors. Spray into air for 5-8 second. Commence spraying at the furthest point of the room from the exit. Spray in a sweeping motion whilst moving towards the exit.

Close door. Vacate the room for 15 minutes after spraying leaving it closed. Ventilate room for 15 minutes before re-entering.

CRAWLING INSECTS:

- **CONTACT SPRAY:** Spray a 1-2 second burst directly at the CRAWLING insect. For fleas, spray carpets and the top and underside of mats and rugs.

FLUSHING INSECTS:

- Spray 1-2 second burst into cracks, crevices, under stoves and refrigerators, in cupboards, drawers and under sinks.
